SMALL GROUP GUIDE [MS] | LENS [FEB. 22]

SCRIPTURE | Luke 7:36-50

BOTTOM LINE

Jesus gives us lens to help see the world.

MEMORY VERSE

“Your faith has saved you. Go in peace.” –
Luke 7:50

LIFE APP

Which lens do you need to put on in your life
this week - judgment, clarity, or gratitude?

- Pastor Jeff will be speaking tonight and will be available during the leader meetings to discuss any questions you may have about the ONE Campaign!
- Next week is Ash Wednesday and we will not have StuMin Worship as regularly planned. Instead, we will have a family service at 5:30pm and a regular service at 7pm plus a soup supper.

MY GOAL FOR THE NIGHT |

Nothing can be as terrifying as when you cannot see. If it's dark, blurry, bright, or just confusing, it can be a disillusioning experience. Jesus offers us an opportunity in life to see things different. He gives us different lens to put on depending on the circumstance. Lenses help us see better in situations, relationships, and opportunities. The story in Luke shows how Jesus disrupts the world by seeing people differently. In judgment, clarity, and gratitude, these lenses are able to provide an incredible sight of how we can see the world through the message of Jesus – one that shows that God takes us where we are right now and guides us into a hopeful future.

JUST FOR FUN

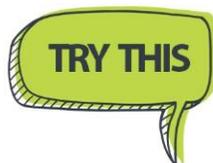

- See “Just For Fun” page for activities.

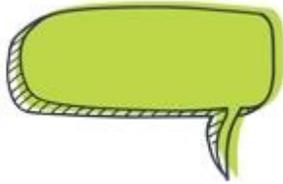

“Jesus disrupts how we see things by giving us different lens to see situations, relationships, and opportunities. Let’s talk!”

DISCUSSION QUESTIONS

- Tell about a time when you had a difficult time seeing something and what happened.
- If you use glasses, what’s important about wearing them?
- What happens with Jesus in this passage? How is this like/unlike what he has done in other stories?
- What is surprising about how Jesus treats people in this story?
- How does Jesus reframe how we should see people because of this story and encounter with the woman?
- Which lens do you need in your life right now – judgment, clarity, or gratitude? Why?
- What are some ways you can put these things on in your life?
- What lens needs to be taken off in your life?
- How can you help your friends’ put the lens on they need in their life?

Come up with a situation (perhaps similar to the story in Luke) and attempt to come up with a response to the situation that involves all three lenses that were discussed. What does this situation look like through the lens of judgment, gratitude, and clarity?
