SCRIPTURE | Luke 4:14-30

BOTTOM LINE

God's kingdom in Jesus disrupts life today.

MEMORY VERSE

"You've just heard Scripture make history. It came true just now in this place." Luke 4:21

LIFE APP

In your today with Jesus, what should Jesus disrupt?

- Students will have the opportunity to view some of the "disrupt" videos from church staff and adults sharing about their Jesus disruption story. Encourage your students to make their own videos!
- FMSC 'change for change' bins will be available up front. Encourage your students to bring their change up as they come in for worship.

MY GOAL FOR THE NIGHT |

We live in a culture of instant gratification. We want to be fulfilled, changed, happy, and comfortable if not now, as soon as possible. It was both terrifying and amazing that Jesus proclaim that the prophet's words of the coming of God's Kingdom would be fulfilled in an instant. For God's Kingdom to come today, means that Jesus and his disruption is ready for us. Today is about more than just the 24 hours. It is a picture of the fact that God's overwhelming, transforming power disrupts what we know, in an instant. We don't have to wait for something else to happen; it's available now because it has been fulfilled in Jesus' coming.

JUST FOR FUN

- See "Just For Fun" page for activities.

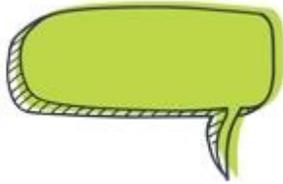

"Jesus took a stand in the temple to proclaim that the word of God has been fulfilled today. Does it mean the disruption can begin right now? Let's talk.

DISCUSSION QUESTIONS

- What's something you would hate having to wait for in your life? What about something you wouldn't mind waiting for?
- The story shows us that Jesus was intent on making disruption true today. What else do you need to be true in your life today?
- What have you seen Jesus disrupt in our world? Think about an organization like Feed My Starving Children. How have they disrupted something big like hunger?
- Remember when we played life-size Jenga? How is that like/unlike what Jesus brings to our world when he disrupts?
- What would you like Jesus to disrupt in your life? What can be "taken hold of" for Jesus' life-changing work?
- Just because we give ourselves to Jesus doesn't mean things change right away. What can we do while we are waiting for Jesus to change us?

Have you made your own "Disrupt" video yet? Why not do one in your group. Interview one another and share a way your life has been disrupted for Jesus. Record it. Share it. Spread it. #popstumin
