

This week's Bible story is

Noah's Ark

Spark Story Bible pages 20-25
Genesis 6–9

God put a rainbow in the sky to help God remember
His promise to Noah.

Bible Time Fact

God brought two of every kind of animal to
the boat that Noah built.

Bottom Line

God keeps promises.

This week's Bible story is

Noah's Ark

Spark Story Bible pages 20-25
Genesis 6–9

God put a rainbow in the sky to help God remember
His promise to Noah.

Bible Time Fact

God brought two of every kind of animal to
the boat that Noah built.

Bottom Line

God keeps promises.

See It

Rainbows occur when light shines through water. Look for rainbows this week and thank God for our beautiful earth.

Hear It

Listen for drops of water. Thank God for God's promise to never flood the entire earth again.

Talk About It

1. Pretend you have to live on a boat. What would your boat look like?
2. What would be hard about being on a boat with people and animals for 40 days and nights?
3. In what ways was Noah's Ark like a zoo? In what ways was it different?
4. What is a promise you can make as a family? What symbol could you choose to remind you of that promise? Write out your promise and draw the symbol.

Live It

For families to do together: Gather up play figures, stuffed animals, and/or pictures of animals, and reenact Noah and his family shepherding the animals onto the ark and caring for them.

For pre-k kids: Brush or give food and water to a family pet, or put breadcrumbs or birdseed out for outdoor birds and animals.

Pray It

Dear God, please help us show you that we value our second chance through the way we live. In Jesus' name we pray. Amen.
