### I Wonder

**A SERIES ABOUT  
SCIENCE AND FAITH**

Science and faith don't always seem like they can coexist. So what should we do when we feel tension between the two? Do we have to choose between using our brains or building our faith?

In this series, we'll discover how to seek answers for the things we wonder about while continuing to be filled with wonder about a God who goes beyond our understanding. Figuring out how to love God with all your mind doesn't have to be a mystery anymore. In fact, we'll learn that embracing your intellect by exploring science might just be one of the best ways to expand your faith.

FEBRUARY 1

**Genesis 1:1 NIV, Matthew 22:37 NIV**

As you explore science, your faith can expand.

FEBRUARY 8

**Colossians 1:15-17 NIV,  
Matthew 22:37-38 NLT**

You can trust the WHO as you explore the HOW.

FEBRUARY 15

**John 9:1-25 NIV**

Build your faith on what matters most.

FEBRUARY 22

**Ash Wednesday Worship  
12:00 noon & 6:30 pm**

#### THEME VERSE

He was there before anything was made, and all things continue because of him.

Colossians 1:17 NCV

## MORNING TIME

Throughout the month, as your teen starts their day, ask them to finish this sentence: I wonder ....

## THEIR TIME

When your teen has some down time this month, invite them to go on a walk with you.

As you walk together, notice the detail in God's creation and talk about your observations.

## MEAL TIME

Parents: At a meal this month, share something you learned in science that expanded your faith in God. Encourage your teen that science and faith don't have to live in opposition.

Then, at subsequent meals, ask your teen what they are learning about at school and how it is challenging or growing their faith.

## BED TIME

As you pray for your teenager, pray that God will use what they learn about the world to grow their faith in the Creator. Pray that God increases the sense of wonder in both of you.
