

COMMUNICATIONS

JOIN THE TEAM OF COMMUNICATIONS VOLUNTEERS AT PRINCE OF PEACE!

Prince of Peace is full of powerful experiences waiting to be shared and stories waiting to be told. If you have creative ideas and an interest in spreading the word about Prince of Peace, get involved with this team of communicators!

VIDEO ASSISTANT

Help set up and position basic gear for video interviews. This is ideal for someone comfortable with tech who enjoys behind-the-scenes production work. Some experience with video equipment or AV setup is preferred. Scheduling varies based on our storytelling calendar but involves limited, set hours per session.

COMMUNICATIONS ADVISORY COMMITTEE

We're considering forming an advisory committee to help support our communications efforts. This team will meet quarterly to discuss upcoming initiatives, offer feedback and brainstorm creative ways to enhance how we connect with our community. This is ideal for someone with experience or interest in writing, design, social media, strategy or storytelling.

STORYTELLING WRITERS

Do you have a passion for writing and sharing meaningful stories? Help tell the powerful stories happening within our church community, published in our newsletters or website.
